Opis

STARK Solutions is a newly established company in the field of the metal processing industry. It is characterized by dynamism, flexibility, innovative ideas and the concept of focusing on the achievement of high-quality products and services to its customers. Mainly, we produce terminals - hardware devices for betting, where an individual, as a player, by touching touch screen can play a game.

STARK is a provider of the Terminal as a hardware device, but not an operator organizing or offering betting services or games of chance to users in a certain jurisdiction. The Buyer is solely responsible for organization and arrangement of lawful gaming activities and represents and warrants that usage (operation) of the Terminal will be provided in accordance with all applicable laws and regulations.
